DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Alexandra Daoud on 07/09/07.

The application has been amended as follows: cancel claims 20-23

Allowable Subject Matter

2. Claims 1-3,5-10,12-15,17-19 are allowed. The following is an examiner's statement of reasons for allowance: the prior art fails to teach or make obvious a stator, the stator having at least a first and a second multiphase winding, the first and second windings being electrically isolated from one another and non-interlaced with one another; the first and second windings occupy non-overlapping sector segments of the stator; a rotor mounted for movement relative to the stator, the rotor having at least one permanent magnet mounted thereon; a drive circuit including a power source and a commutation circuit, the drive circuit electrically connected to at least the first winding to, in use, provide electricity to the first winding to rotationally drive the rotor about the axis; and a rotor position recognition circuit connected to the second winding, the rotor position recognition circuit adapted to, in use, determine rotor position based on an electricity induced in the second winding when the rotor passes the second winding, the rotor position recognition circuit connected to drive circuit for providing feedback information to the drive circuit regarding said determined rotor position. .

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
